

# 4-bit ALU

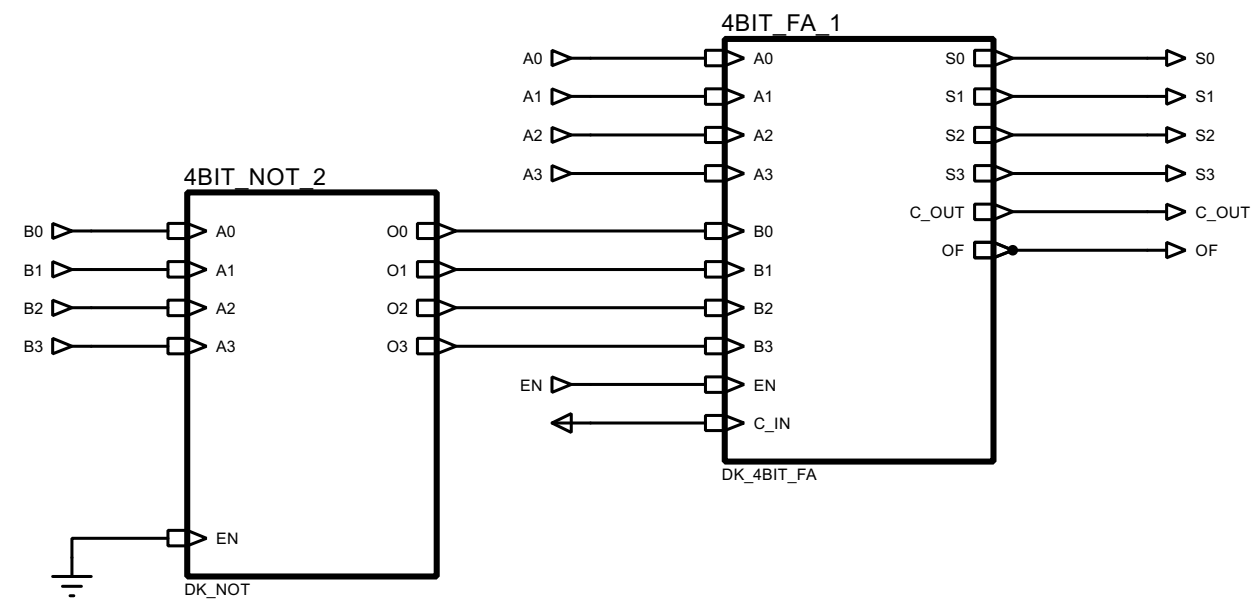

# 16-bit MUX/DECODER

4-bit full adder with carry and overflow

## 4-bit subtractor with borrow (c\_out) and overflow

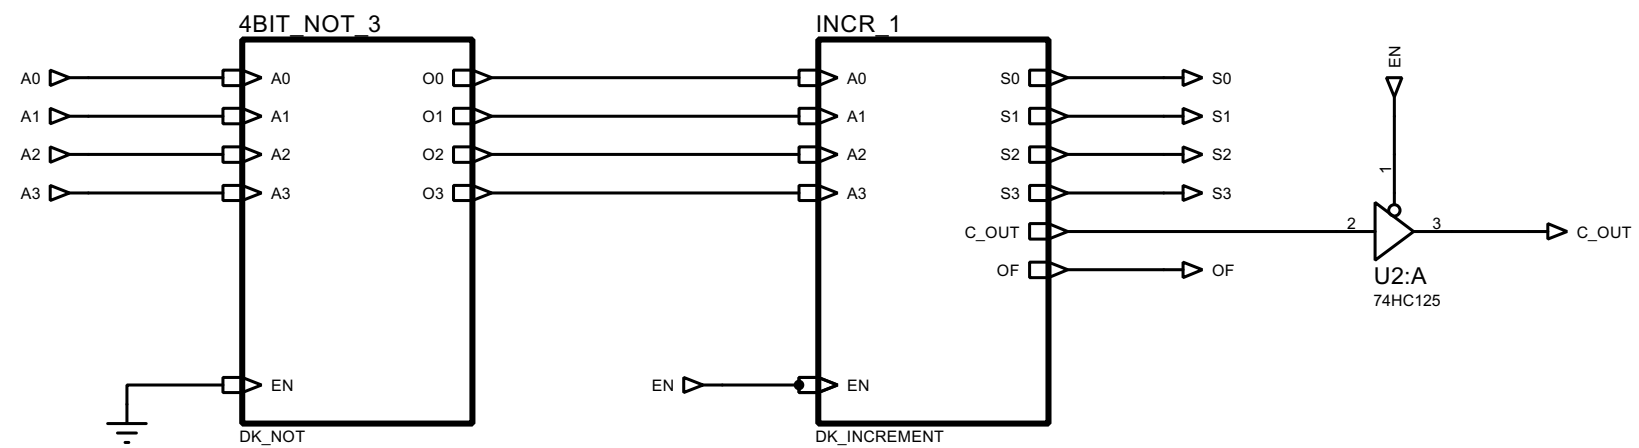

## 4-bit increment with carry and overflow

## 4-bit decrement with borrow and overflow

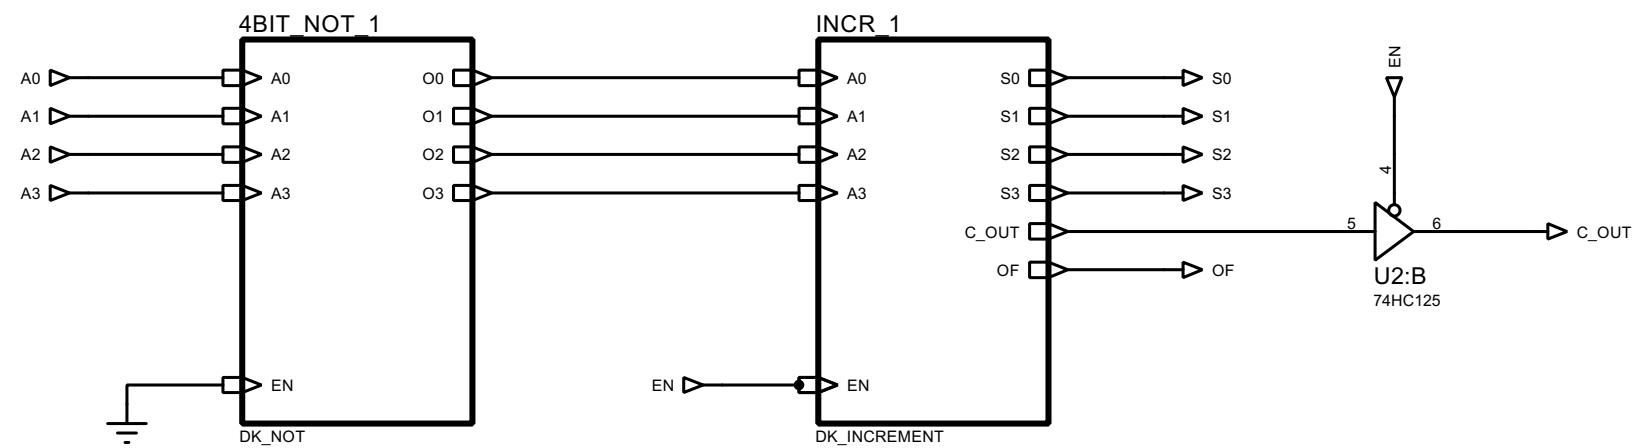

## 4-bit second compliment with carry and overflow

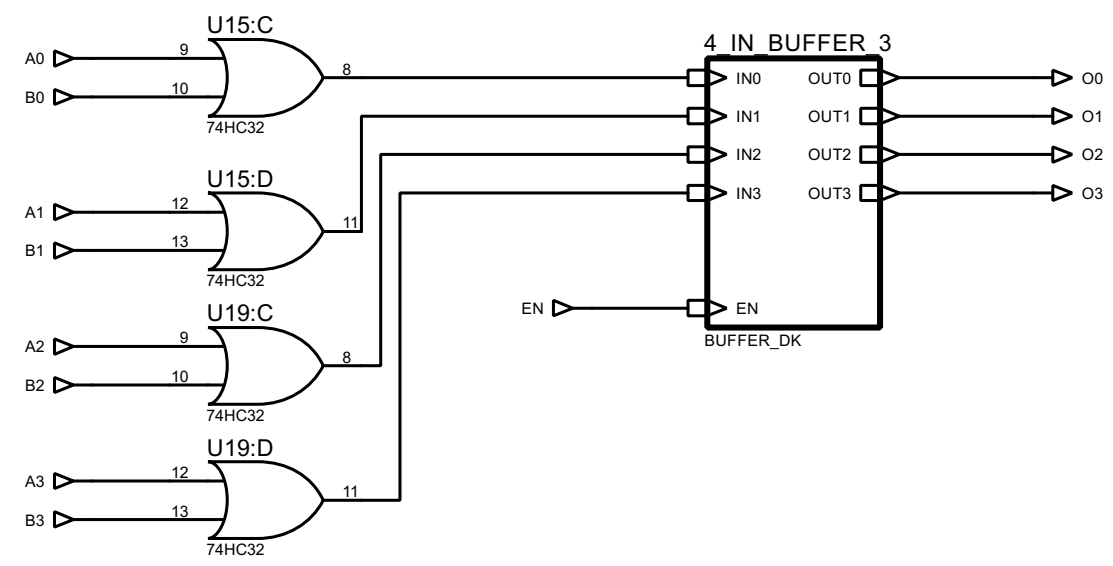

## 4-bit second compliment with carry and overflow

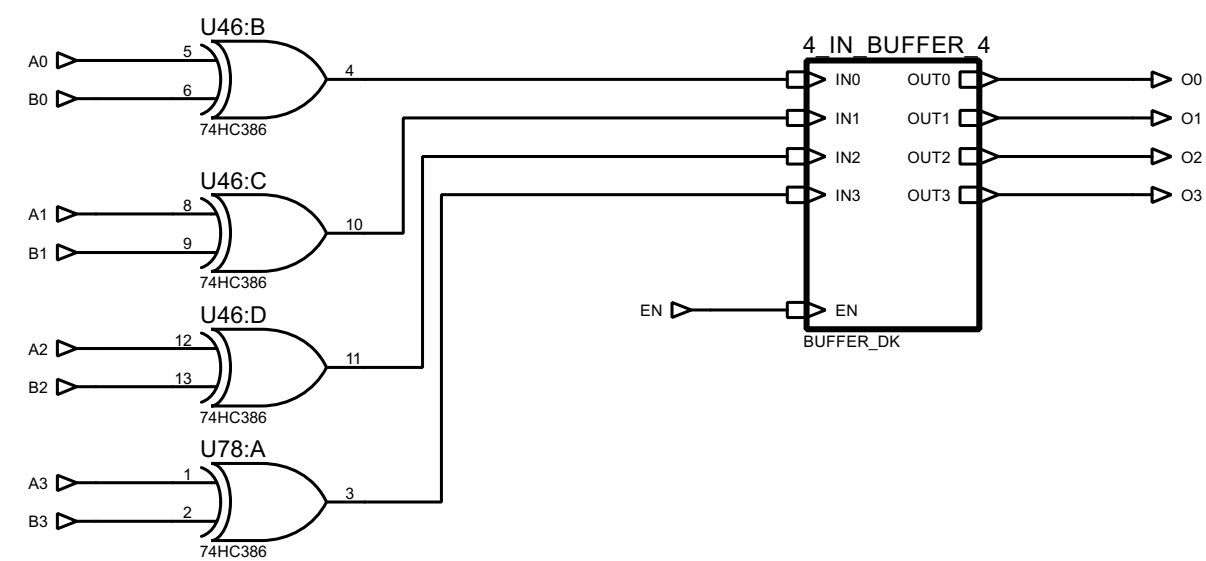

## 4-bit AND

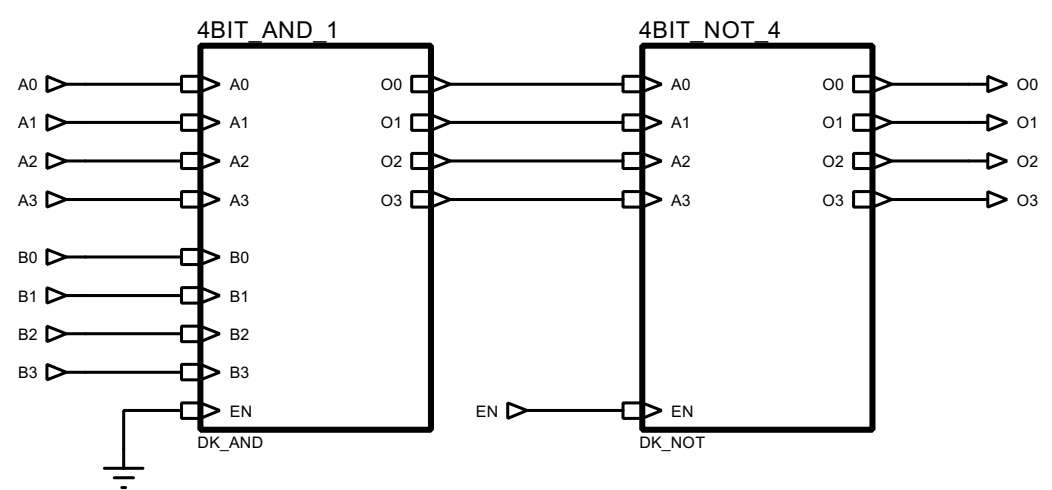

4-bit OR

4-bit XOR

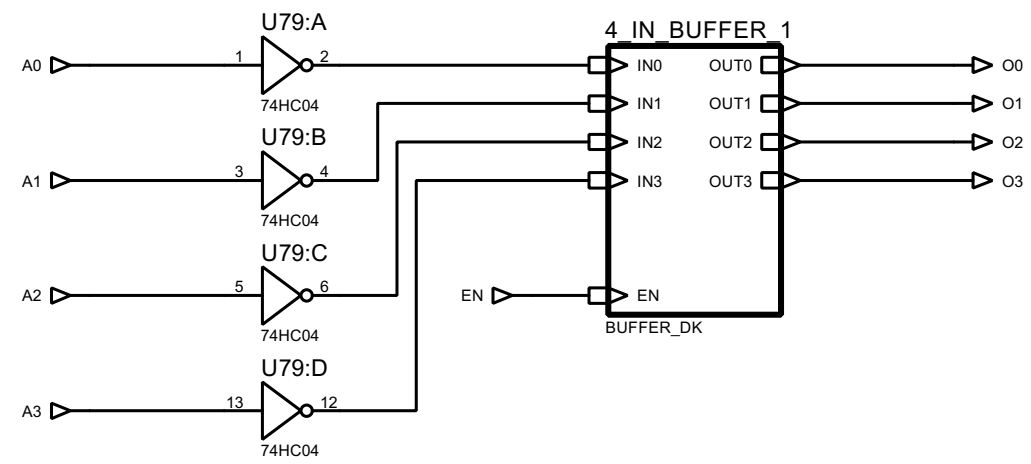

4-bit NAND

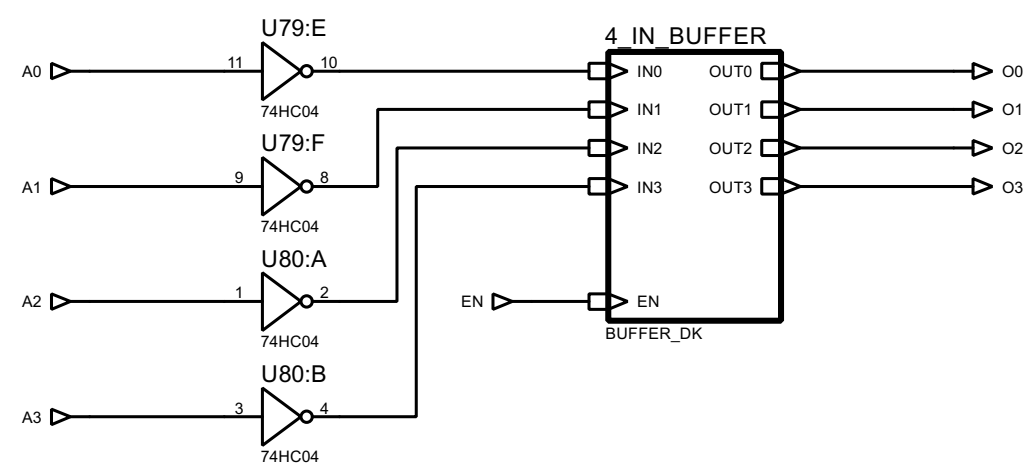

4-bit NOR

## 4-bit NOT

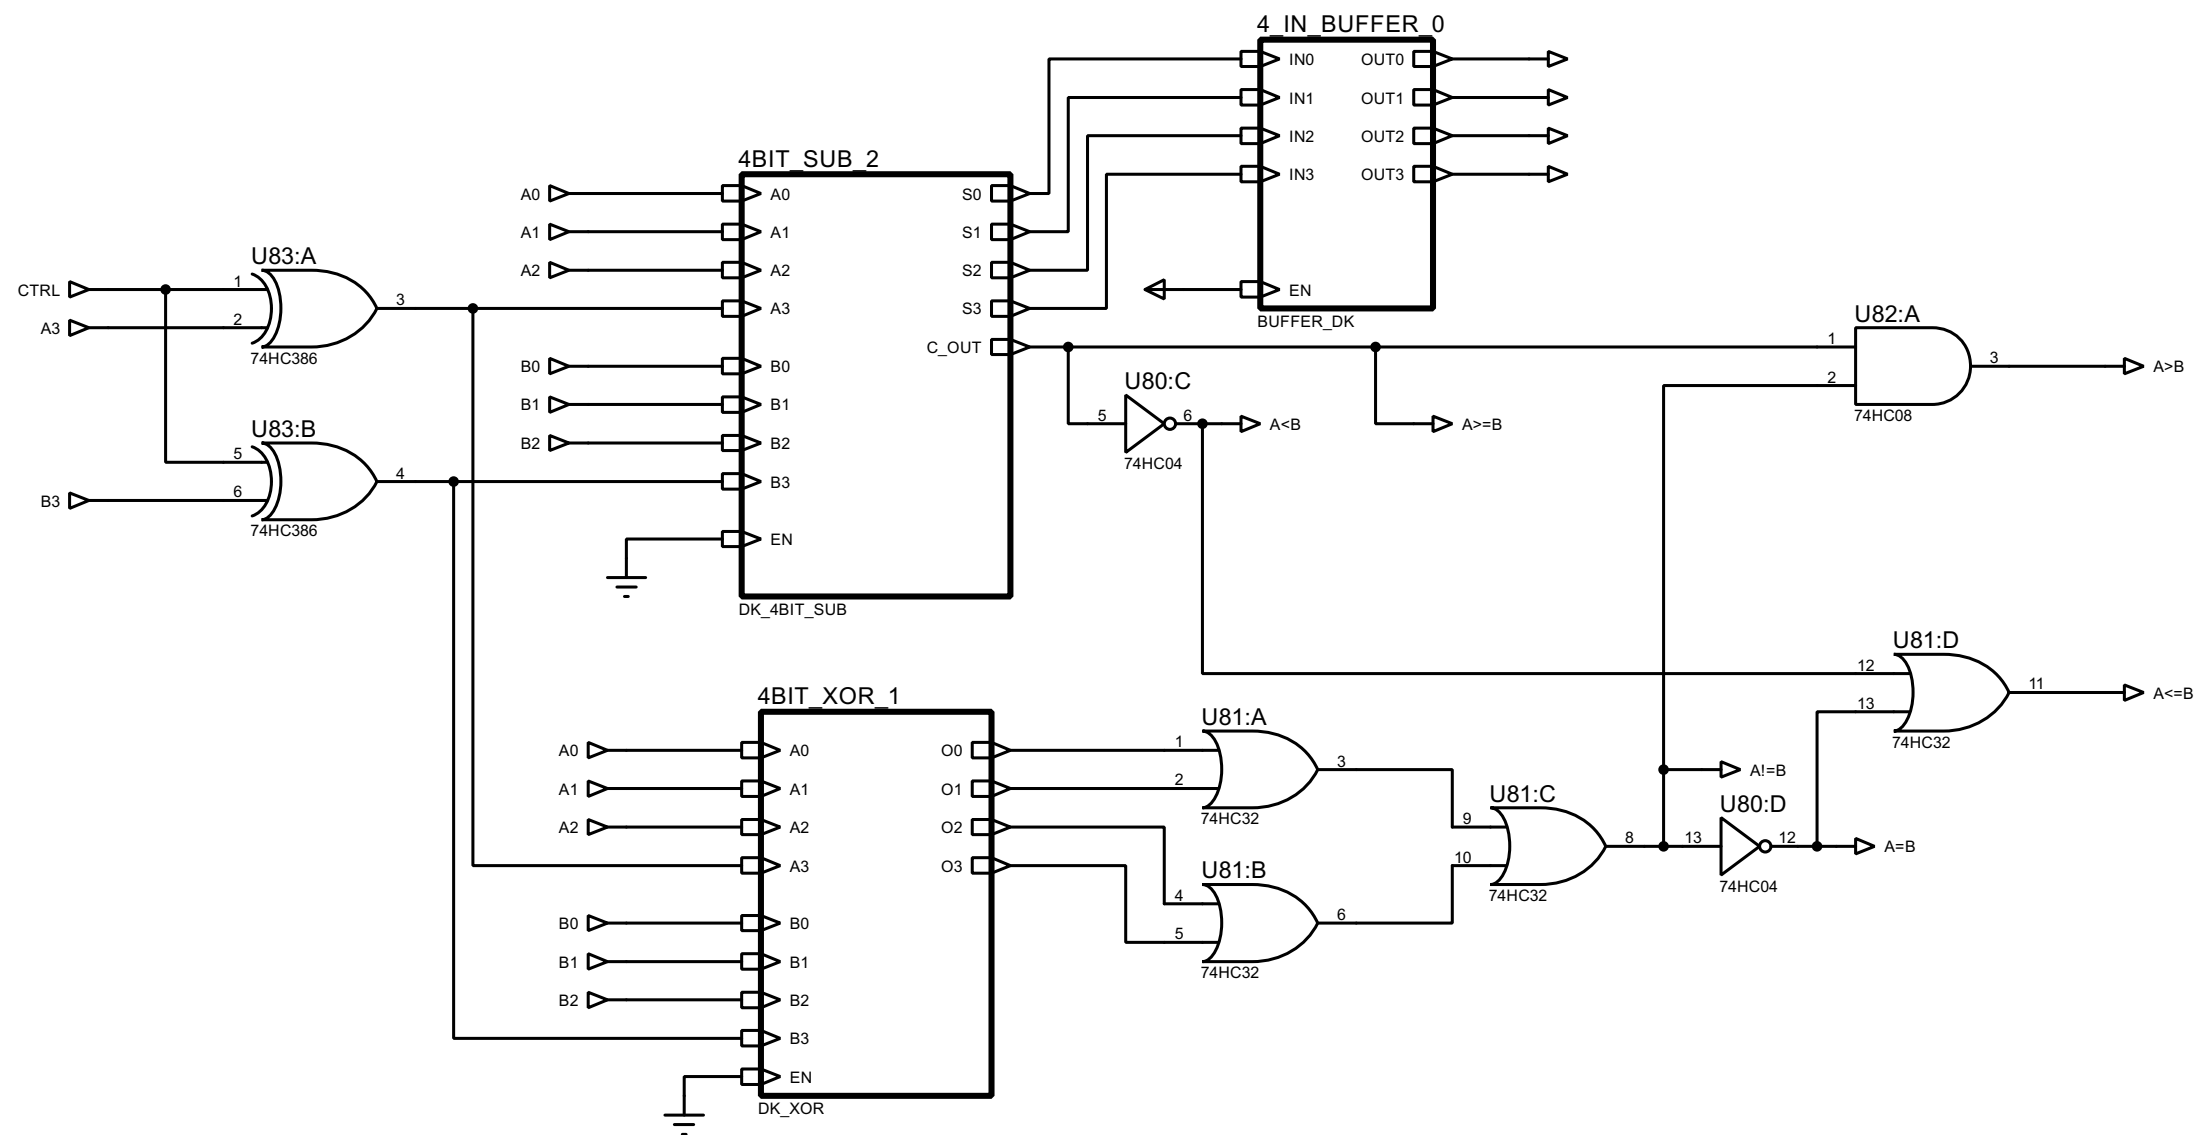

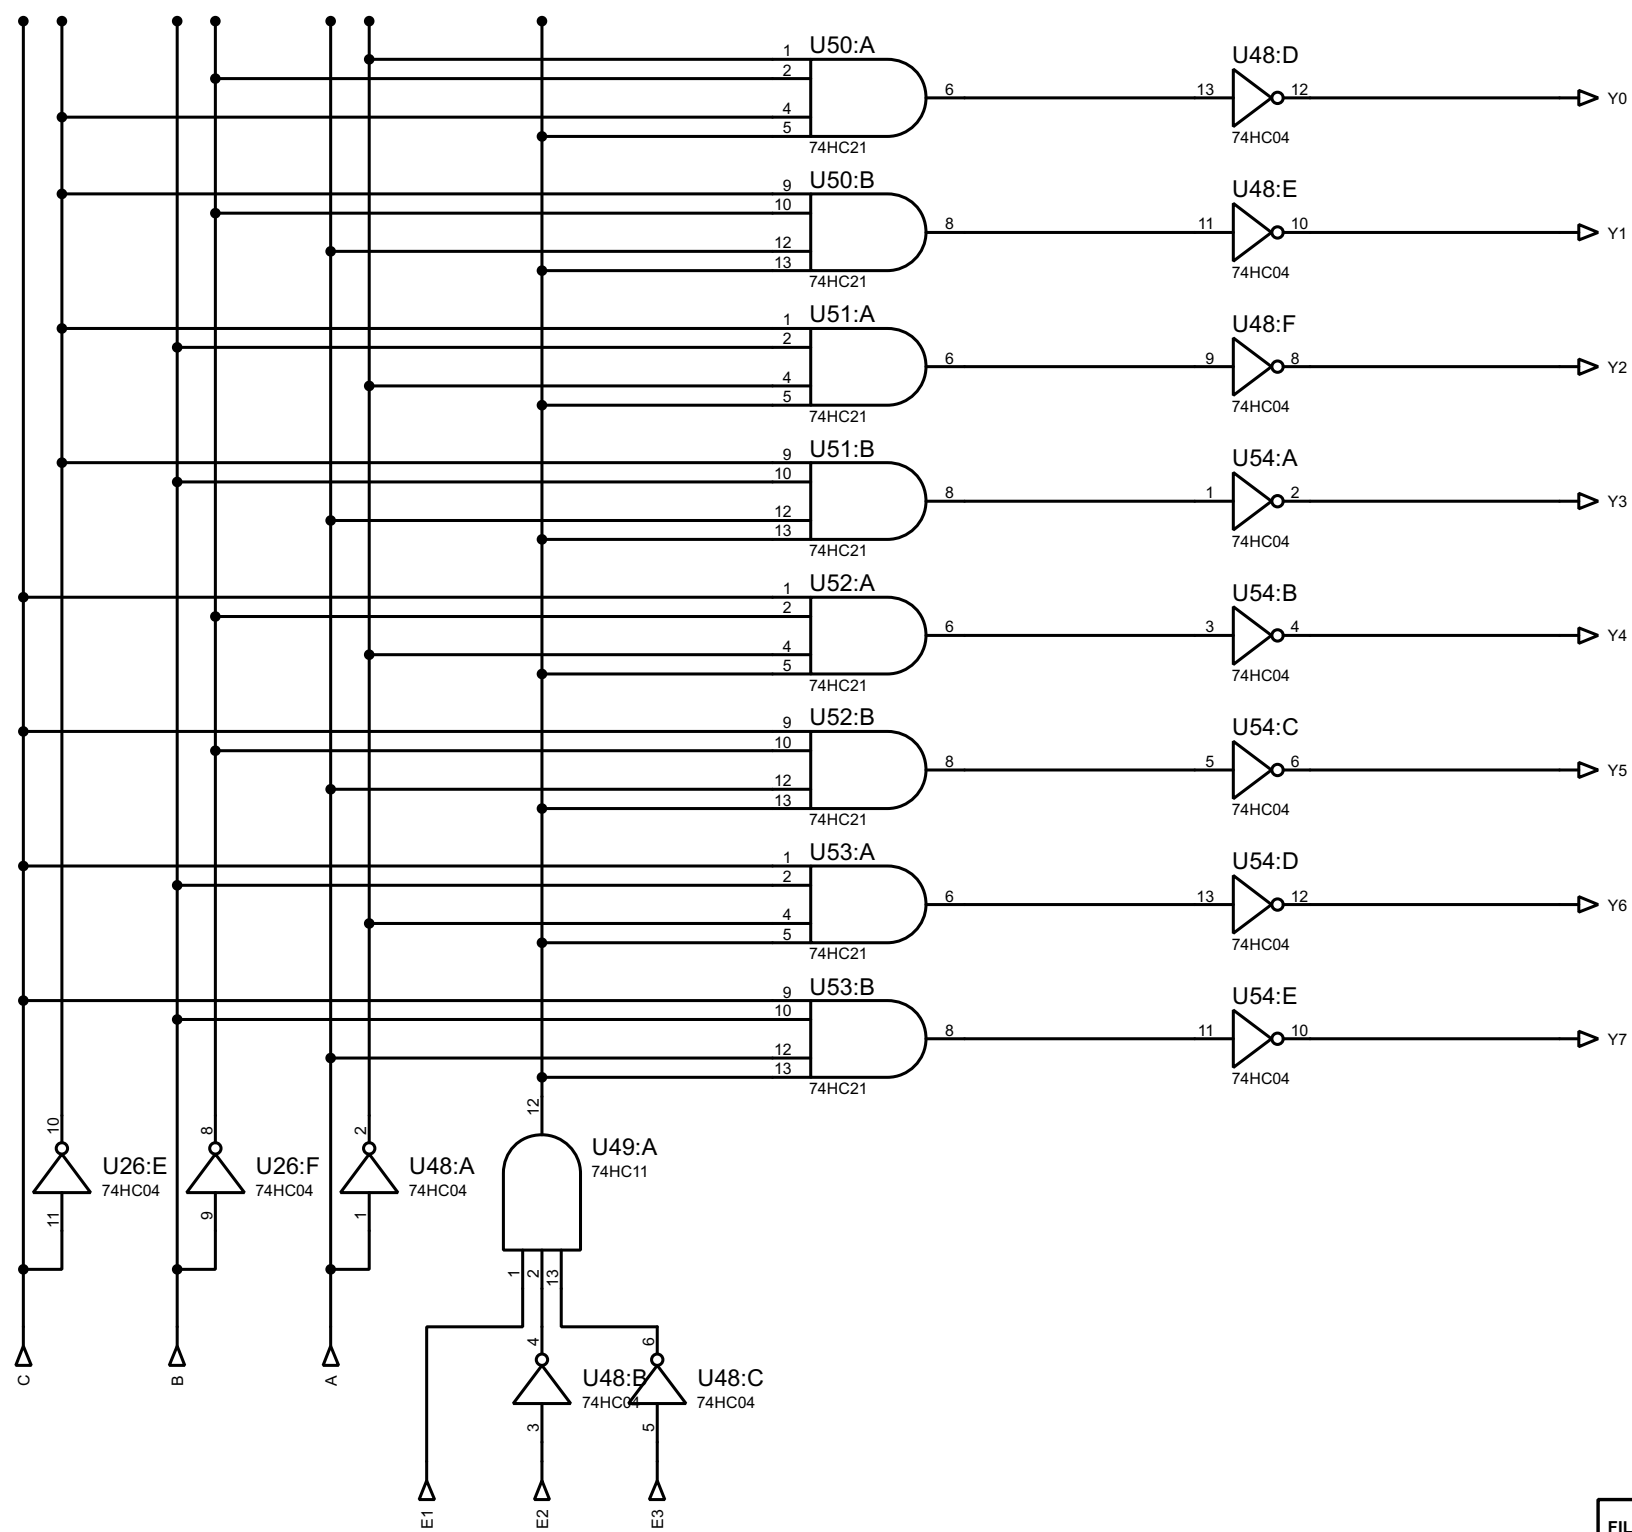

4-bit NOT

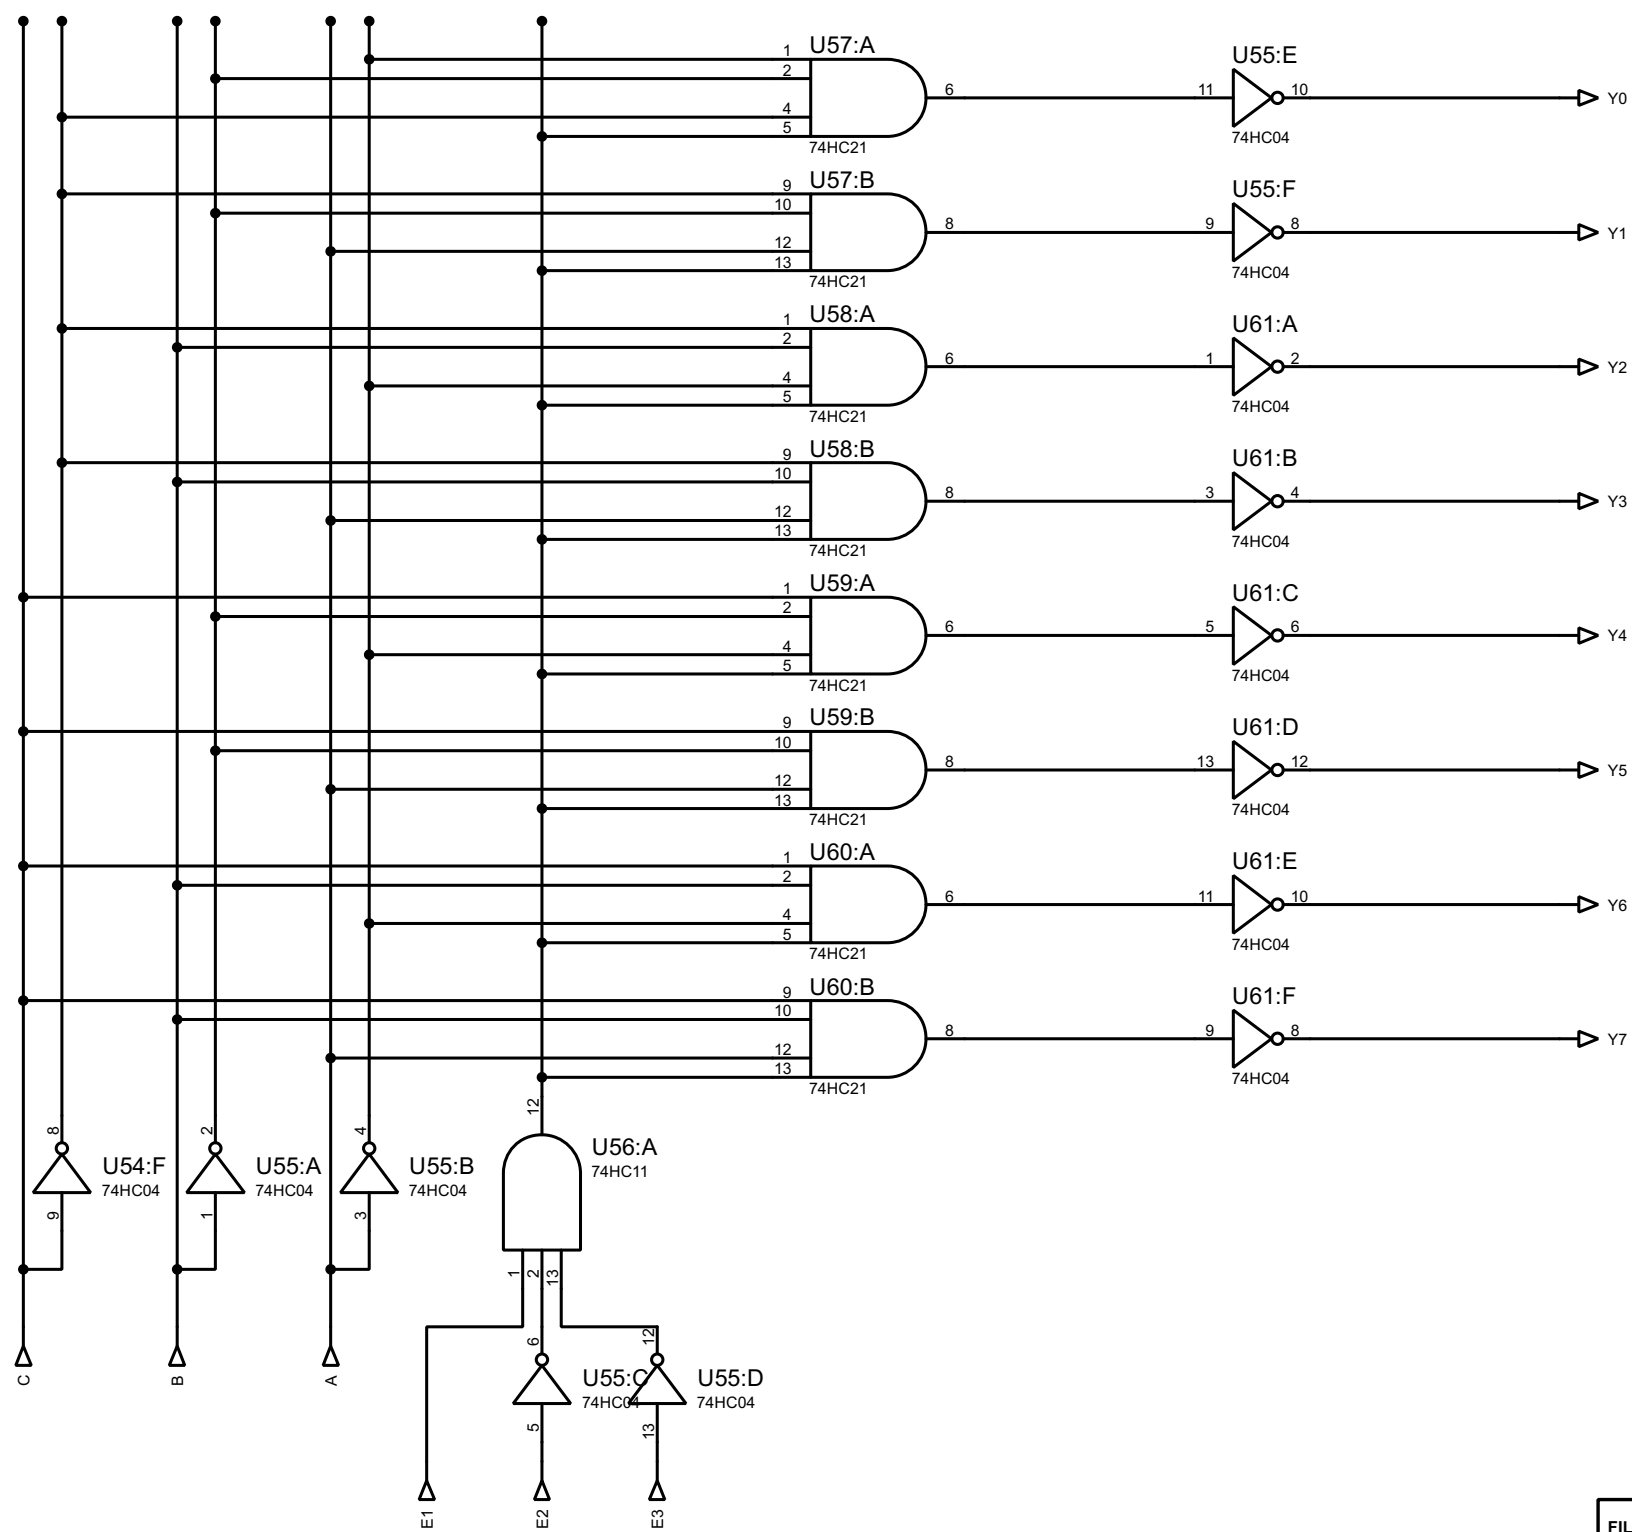

## 4-bit comparator for N and Z numbers

1-bit full adder with carry

4 bit tri-state buffer with negative logic (EN=0-enabled EN=1-disabled)

1-bit full adder with carry

1-bit full adder with carry

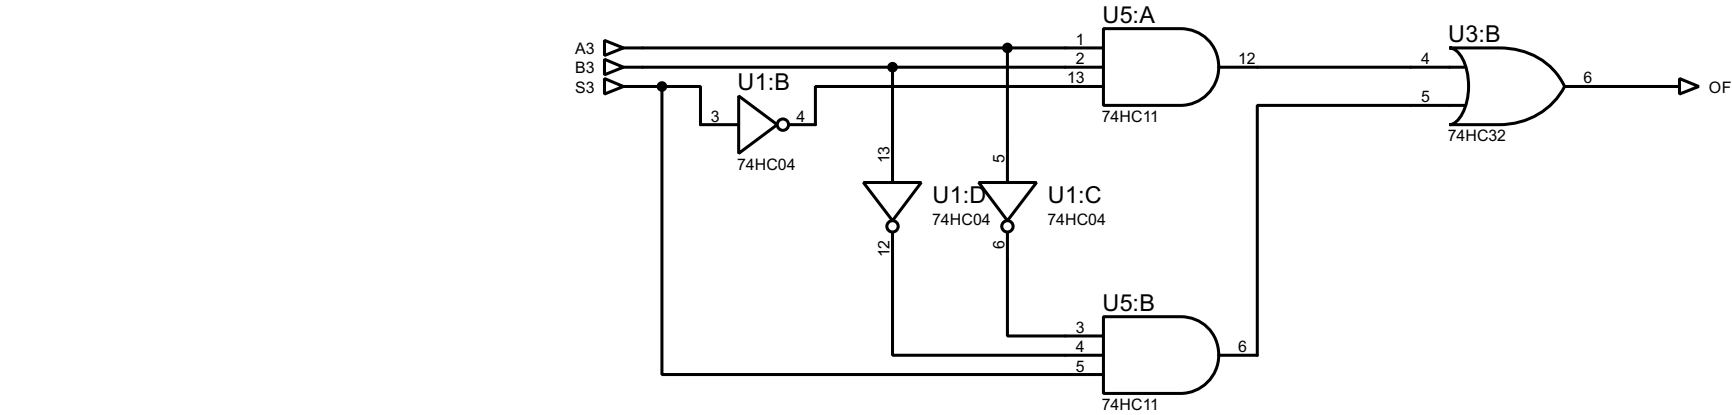

1-bit full adder with carry

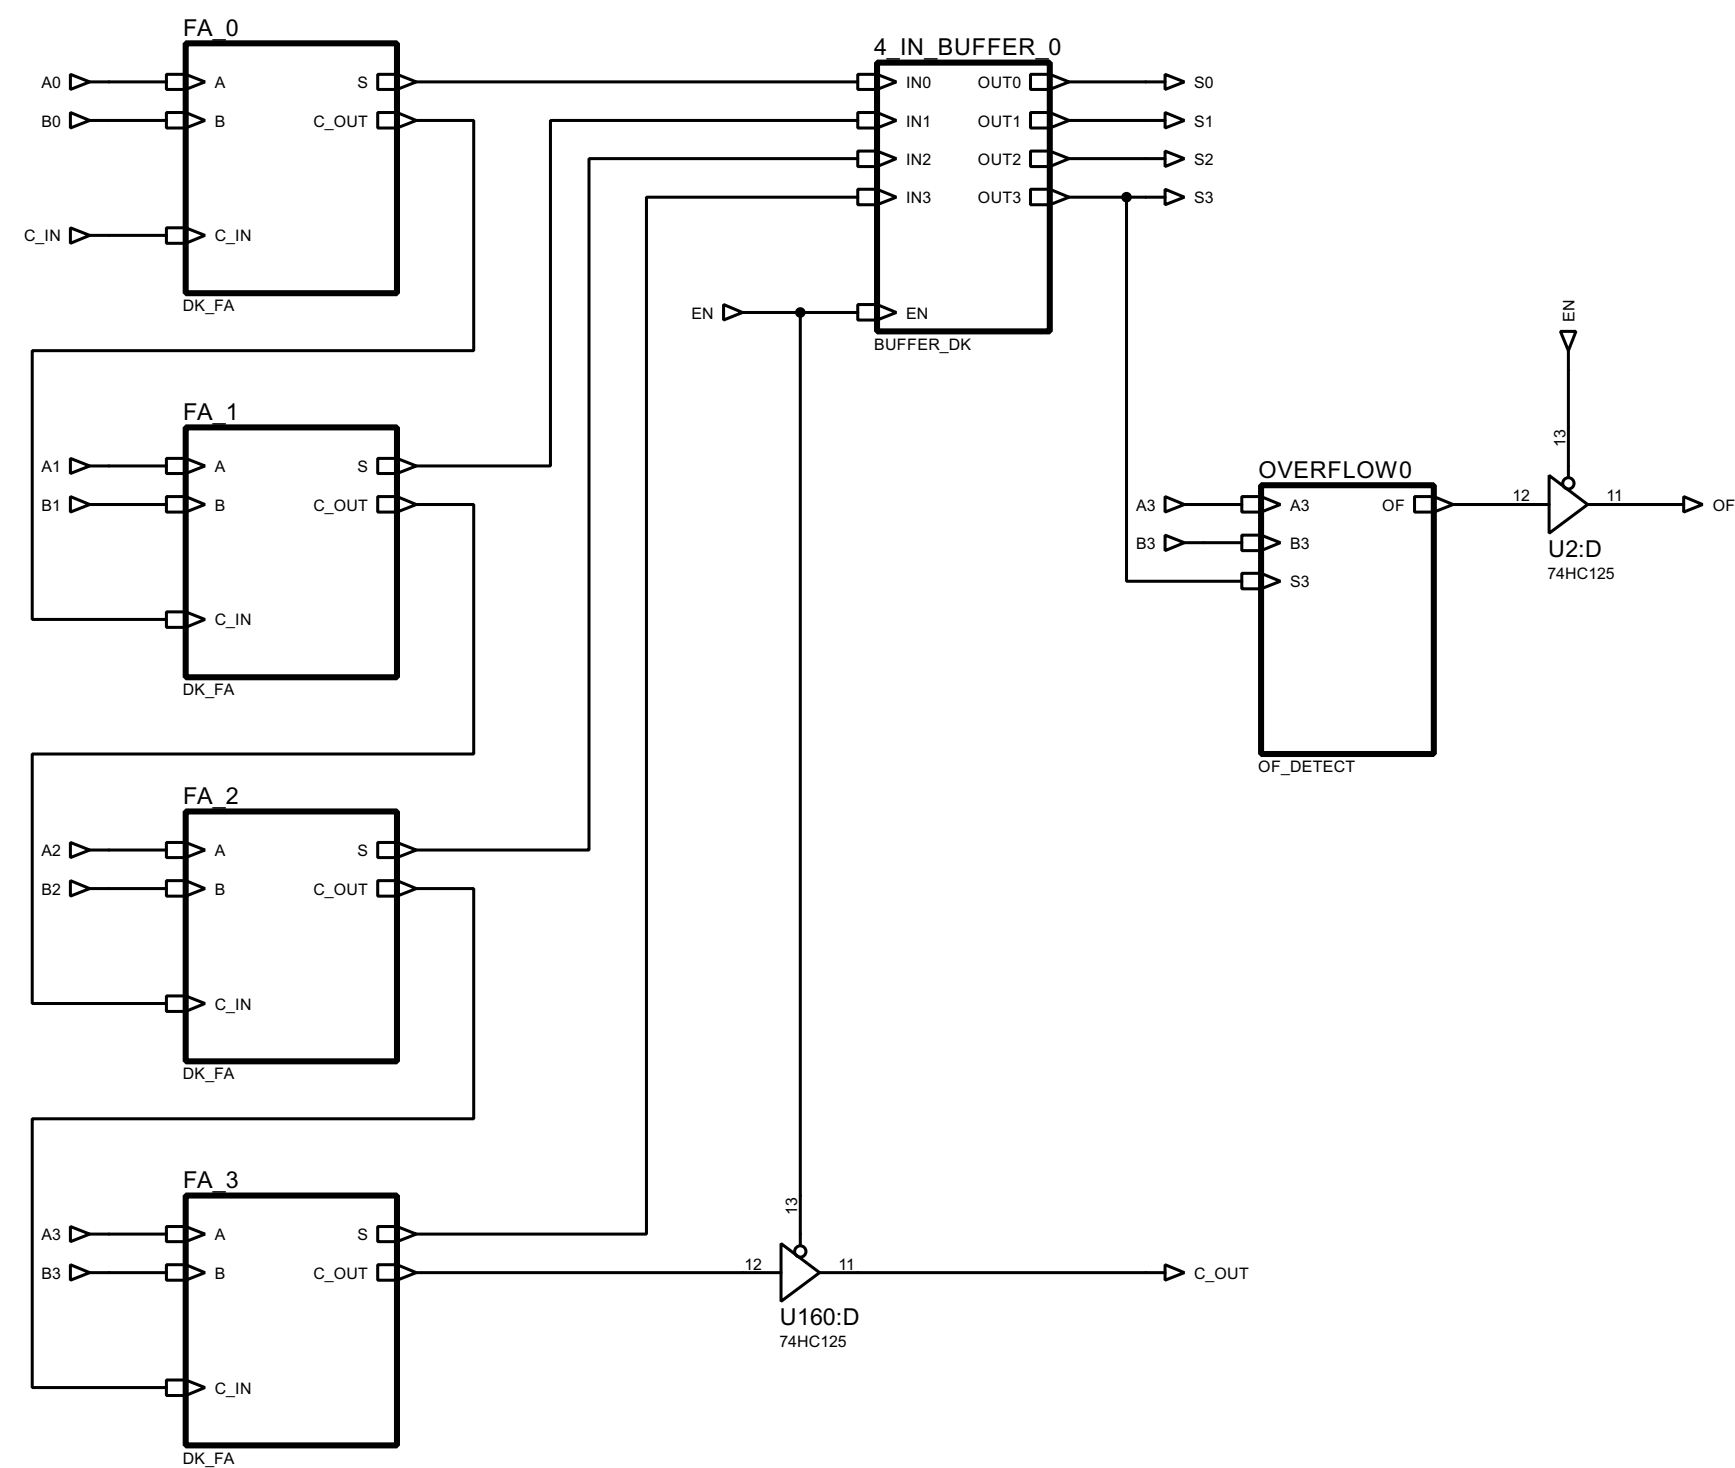

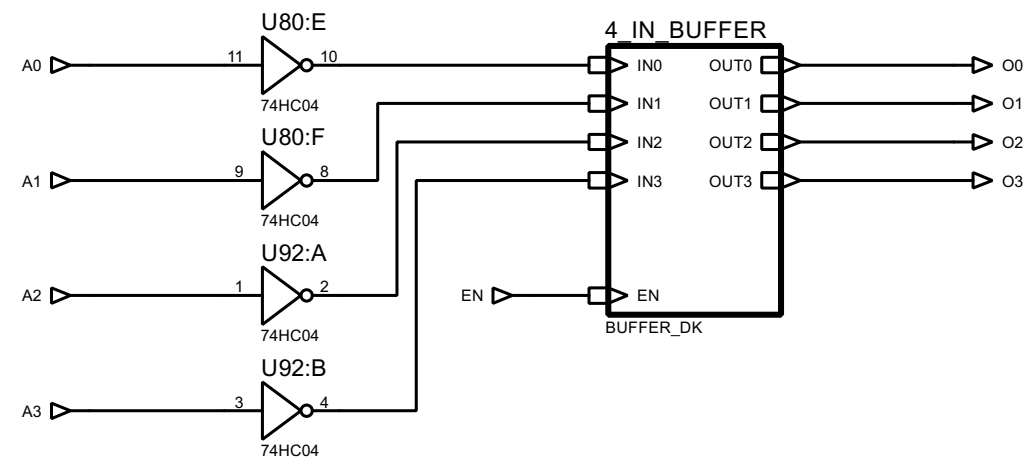

# OVERFLOW CHECK
